

Role: Mid-level Learning Experience Designer

Job Type: 2-year fixed-term contract (3-month probation)

Salary: R25 000 per month

Location: Open to remote applicants in South Africa

TTRO is an organization of passionate and talented individuals who design and develop innovative learning solutions to upskill and empower people for the now and for the future. We believe in driving change through next generation learning by combining immersive technologies and learning methodologies to deliver relevant competencies that add value to your organization and your people

We are looking for a driven and creative Learning Experience Designer to work with our clients to develop innovative, pedagogically strong learning solutions that meet their business and people needs.

You will own the overall creative vision for a range of digital learning projects. You will collaborate with designers, developers and project managers and client subject matter experts (SMEs).

Building on a number of years of experience as a learning designer, you will have a solid understanding of the principles of adult learning and of learning technology. An excellent communicator, you will be able to collaborate effectively with clients and colleagues at all levels. You will also have a graduate degree.

Key Responsibilities

- Developing solutions for various content types, including but not limited to podcasts, interactive videos, microlearning, reinforcement learning, animations, infographics, rich media articles, guides, gamification.
- Creating detailed design documentation, including storyboards and scripts.
- Outlining and developing interactive scenarios and case studies.
- Setting the standard for instructional writing to ensure that is creative, concise and persuasive.
- Understanding how to get the best from a variety of in-house and off the shelf authoring tools, such as Articulate 360, Lectora and Captivate, as well as learning management systems.
- Researching industry trends and make recommendations to the team on a constant basis, to maintain our innovative approach to learning solutions.

- Developing effective assessment questions, quality distractors and practice interactions that accurately test the learners' ability to meet those objectives.

Job Requirements

- Bachelor's Degree, with a minimum of two years relevant working experience within an e-learning, media, training or a L&D related role.
- Attention to detail.
- Strong lateral thinking skills and problem-solving abilities
- A high level of confidence, professionalism and interpersonal skills.
- Good work ethic and time management skills.
- Experience working in a virtual environment with global audiences and learners.
- Experience in working with remote teams.
- Ability to adapt to ad hoc requests, scope changes and remain productive in response to a fluctuating and dynamic work environment.

Join our vibrant, creative and open-minded team. We invite you to apply by sending your CV or Resume, a motivation letter to us at careers@ttro.com We look forward to meeting you!

Only shortlisted candidates will be contacted.
