

Role: Digital Designer

Job Type: Fulltime

Salary: Market related based on experience

Location: Open to remote applicants

TTRO is an organisation of passionate and talented individuals who design and develop innovative learning solutions to upskill and empower people for the now and for the future. We believe in driving change through next generation learning by combining immersive technologies and learning methodologies to deliver relevant competencies that add value to organisations and people.

Do you have a passion for creating amazing multimedia content? We're looking for a Digital Learning Developer to create a mix of blended digital resources. You will be joining a dynamic, fast-paced organisation that works with world renowned clients. You will be developing innovative resources including web-based learning content as well as graphics and potential animations.

Your Key Responsibilities

- Plan, create, develop, and support learning technology initiatives and provide technical expertise for the programming of online content
- Participate design brainstorming or workshops
- Create elements for interactive online training using text, photographs, sound, animation, illustrations, etc.
- Participate in the design, development, and maintenance of learning technology materials and applications including storyboards and project plans
- Create, develop, and program online learning materials and applications
- Develop templates and graphics for use in delivering online content and applications
- Responsible for implementation and deployment of learning solutions, packaging, publishing, and deployment
- Manage your time to meet your deadlines
- Thoroughly QA your design deliverables before submission
- Keep management/leads up to date with all progress or deviations to a project

What you'll bring to the team:

- 3 - 5 years of relevant work experience in digital learning development capacity including analysing, designing, implementing and evaluation of e-learning content
- Intermediate knowledge of the Adobe suite
- Proficient in SCORM compliant e-learning authoring tools and other media tools
- Experience with incorporating multiple media elements in to learning programs including audio, video, animation, simulation, and graphics
- Visual and graphic design skills
- Strong analytical skills, problem-solving and fact-based decision-making abilities

- Strong attention to detail and have the ability to do a thorough design QA
- Strong time management skills
- Solid organisational and written/oral communication skills
- Willingness to share ideas and contribute in a collaborative effort
- Work independently with minimum supervision
- Solid time management and multitasking skills
- Foster positive working relationship with team members and peers
- Experience with project management, including managing timelines, establishing priorities, and achieving milestones and deliverables
- Able to receive handovers and interpret storyboards

Join our vibrant, creative and open-minded team. We invite you to apply by sending your CV or Resume, a motivation letter to us at careers@ttro.com We look forward to meeting you!

Only shortlisted candidates will be contacted.
